---

Thank you for the opportunity to comment. I just want to say that I commented of the original proposed regulations in favor of incorporating the CRR and of keeping NCUA regulations in place, and I deeply respect this departments decision to hear the public's voice on these matters and commit to keeping an expedient and simplified regulatory framework in place to protect Californians and their financial interests. Thank you for your responsibility and the important work that you do.

Sincerely,  
George Uberti  
California resident and public advocate
