

**NOTICE OF MODIFICATIONS TO PROPOSED REGULATIONS  
UNDER DIVISION 9.5 OF THE CALIFORNIA FINANCIAL CODE**

**PRO 01/18**

**Commercial Financing Disclosure Regulations**

**To Interested Persons:**

On September 11, 2020, the Commissioner of Financial Protection and Innovation (Commissioner) published a Notice of Rulemaking Action to adopt regulations under Division 9.5 of the California Financial Code to implement SB 1235 (Chapter 1011, Statutes of 2018). SB 1235 requires a “provider” – a person who extends a specific offer of “commercial financing” (as defined in Financial Code section 22800, subdivision (d)) to a recipient – to give the recipient certain disclosures at the time the provider extends the offer. SB 1235 mandates the Department to draft regulations implementing the specific requirements of the disclosures to be provided to recipients, including: definitions, methods of calculation for certain disclosure items, the method of expressing the annualized rate disclosure, the time, manner and format of the disclosures, and many other details. On November 9, 2020, the Commissioner also held a public hearing for interested persons to orally comment on the proposed regulations.

After consideration of public comments, the Commissioner has made modifications to the regulations originally proposed on September 11, 2020. A copy of the proposed modifications is being made available to the public in accordance with the requirements of Government Code section 11346.8, subdivision (c). The text showing the proposed modifications is attached. The proposed additions to the rules as proposed on September 11, 2020 are shown in single underline, and the proposed deletions to the rules as proposed on September 11, 2020 are shown in single strikethrough. A double-strikethrough reflects that language has been moved to a different part of the regulation. A double-underline reflects that the language was previously located in a different part of the regulation. The public may submit comments on the proposed changes.

Government Code section 11349.4, subdivision (b), allows the public to submit comments on the proposed changes, but only on the modifications made since the last comment period. In accordance with Government Code sections 11346.8, subdivision (c), and 11346.9, subdivision (a)(3), the Commissioner will not respond to any comments pertaining to the rules which are not the subject of these proposed modifications.
