Ms. Fairman,

I write on behalf of a coalition of consumer groups that plan to comment in the open rulemaking PR 01-21, which currently has comment letters due on May 2. Given the complexity of the issues involved and that the comment period falls during a busy time on the state legislative calendar and over the spring break period, I am requesting that the Department extend the time to submit comment letters by 15 days, to May 17. (If the Department is amenable only to a shorter extension, I request that as well in the alternative.)

Please let me know if you need any additional information related to this request or would like to discuss it.

Thank you and have a great weekend.

Best,
Andrew
