Subject: Earnin

Hi my name is Shanavia Green,

I wanted to let you know how important Earnin is to many people that use it. I have used Earnin when I needed to pay a bill and there was no assistance provided to me by my government or any other option. Earnin provides money when it is needed and allows me to borrow until my next pay day. Earning also doesn't charge outrageous fees when it is time to pay back the loan. Please leave Earnin alone and allow consumers to make decisions on their own without the input of legislators.
